MRS. R. W. MEEKER GIVES LUNCHEON TO COMMITTEE

Aids for Monte Vista Home Discuss Plans for Large Vaudeville Program

Mrs. R. W. Meeker of 1320 East Colorado street was hostess at a very charming "rainbow" luncheon given at her home yesterday afternoon to the members of the committee of Glendale women for the Monte Vista Home for undernourished children of Los Angeles county, of which she is chairman.

At the business meeting which followed reports were made of the Christmas entertainment given for the children at that institution and also of the vaudeville which is to be given by the pupils of the Pearl Keller school at the T. D. & L. theatre in the near future for the benefit of the Monte Vista Home.

The luncheon table was most attractively arranged. The shades were drawn and four rose colored candles furnished the light. The table was centered with a beautiful basket of flowers in the rainbow hues, including heather, jonquils, corn flowers, carnations and marigolds.

Thin paper umbrellas of various colors, tied with a bow of tulle, and on which were the names of the guests marked the places for those present, which included Mrs. C. A. Parker, Mrs. Colin Cable, Mrs. A. H. Montgomery, Mrs. Mabel Franklin Ocker, Mrs. Pearl Keller Brattain, Mrs. Ella Richardson, Mrs. Alexander Mitchell, Miss Corinne Orff, Miss Gertrude Gibbs, Mrs. Cheney and the hostess, Mrs. R. W. Meeker. Bon bon baskets of ruffled crepe paper in the rainbow shades and tied with vari-colored tulle bows, further carried out the color scheme.

Reports Heavy Demands
Mrs. Meeker, chairman of the committee, stated that when the Monte Vista Home was first opened it was intended as a vacation home for undernourished children, but that the demands had been so heavy that it was found advisable to keep it open the year round, and for that reason it was necessary that a furnace be installed.

The home was closed until this was done, and at Christmas time the (Continued on Page 5)

Attorney W. E. Evans Tells Unique Story of How He Realized Opportunity

Attorney W. E. Evans of 333 North Central avenue, prominent locally as a bank director and subdivider, has been named vice-president of the Southside State bank, to be established on the southwest corner of Vermont and Manchester avenues, Los Angeles. The institution will be ready for business next Monday morning and a public reception will be held between 7 and 10 o'clock Saturday night. Charles W. Moore is president and Ed Christensen, cashier. The latter two men came from Minot, S. D., recently, where they were in the banking business.

He Visualizes Bank

Mr. Evans tells a rather unique story about the locating of this bank. While motoring to his cottage at the beach last summer the local attorney saw this lone corner of a community center lying outside the limits of Los Angeles. The opportunity for a bank with low capitalization was immediately apparent, for being in the county it would not have to comply with metropolitan requirements.

Jonathan B. Dodge state superintendent of banks, gave his official approval to Mr. Evans' plans and introduced him to Messrs. Moore and Christensen who were seeking a favorable location.

Invitations to help sell tags have been mailed to a number of the young people of Glendale and the committee expects to have a spirited staff of workers Saturday selling the little "blue star" tags for whatever sums the public may give. SHOW SEWER PLANS FOLLOW PETITION GIVEN COUNCIL

Business District Is Getting What It Asked for, It Is Declared at Meeting

Protestants of the Brand boulevard sewer district—if there really were any—learned last night that the property owners in the six blocks between Wilson and Colorado, and Orange and Maryland are getting exactly what the majority sought in petitioning the city council.

Dr. H. V. Brown presided over the meeting and Frank H. Olmsted of the firm of Olmsted & Gillelen, sanitary engineers, proved to be the principal witness as to just what the city is doing to relieve the cesspool situation. He pointed out that the plans provide for only a temporary solution of the sewage problem, but that 80 per cent or more of the work will be permanent.

Denial By Councilmen

Councilmen S. A. Davis and C. E. Kimlin spoke, denying the allegations made by J. J. McGinnis that the proceedings had been "railroaded" through the council. Mr. McGinnis then blamed the people for not knowing what they were doing, but the majority of those present resented his insinuations as to their ignorance. In fact, Mr. McGinnis seemed to be the only objector to the program when Chairman Brown called for a conclusion to the meeting.

Redondo Beach and Akron, Ohio, were both cited as cities successfully using septic tank systems. Mr. Kimlin told of their success at the Glendale Sanitarium and Hospital and just about everyone went home satisfied that if the present solution were not sufficient, additional units could be built.

In the words of Engineer Olmsted, "that would be economy."

"It is predicted that this evening's meeting will mark a new epoch in the history of local Methodism."

Jury Unable to Decide Upon Charge As the Result of Differing Evidence

D. J. (John) Allen, negro, was held here this morning by a coroner's jury for the slaying of Henry J. (Jack) Ronsee, manager of the La Crescenta Water company, at a roadhouse known as La Crescenta lodge, on New Year's morning. It was impossible for the jurors to determine whether it was justifiable homicide, murder or manslaughter, because of the diverging evidence offered principally by W. Maxwell Burke, a deputy district attorney, who appeared as an eye-witness of the tragedy.

In fact, it was Mr. Burke's gun that was used by Allen while acting as a watchman for the Forde, managers of the lodge, when he shot Ronsee, a deputy sheriff. Curses, the term "stool pigeon" and plenty of booze was mixed into the hearing conducted by Coroner W. H. Nance at the Jewel City Undertaking parlors.

Miss Elsie Smith, companion of Mr. Ronsee on New Year's Eve, first told the story of the events leading up to the shooting. They had attended the Elks' ball at Glendale and had gone to La Crescenta lodge for a midnight supper, she said, when Allen cursed the deputy sheriff. The latter threatened to knock him down for swearing in front of Miss Smith and the shots stopped the argument.

W. Maxwell Burke, of Thomas Lee Woolwine's office stated that he resided near La Crescenta lodge, that he was present from 10:15 p. m. until 2:00 a. m. when the slaying occurred and that he saw and heard the whole affair.

That Ronsee accused Allen of being a "stool pigeon."

Bottles of Liquor
This was due to the fact that Allen had signed an affidavit to having purchased moonshine whisky at a still which was raided in the vicinity recently, according to Attorney Burke. He stated that Allen was not intoxicated, but declared that Ronsee had the smell of liquor on his breath and two bottles, partially full of liquor, were in the car he drove to the lodge, with Miss Smith.

Herbert I. Isasi, another Los Angeles attorney, informed that Allen accused Ronsee of being a "stool pigeon" and ordered him away from the lodge. Isasi was sitting in a friend's car, smoking, at the time of the shooting. He stated that Allen was a "typical nigger," half full of booze, one of the first he had seen since leaving the South nearly two years ago.

Local Men Testify
Captain Thomas McGuire and Officer Louis Nunn of the Glendale police department, and Thomas E. Johnson, chef at the lodge, were among others testifying. Julius Ronsee questioned the witnesses.

Allen was returned to the county jail to await the filing of a complaint by the district attorney's office.

More than 100 members of the Glendale Shrine club made merry last night at the Chamber of Commerce banquet hall with a feast of hot dogs and coffee as one of many features. C. E. Neale presided and introduced Police Chief James W. Everington of Los Angeles and Police Chief A. O. Martin of Glendale as well as Mayor Spencer Robinson and Postmaster D. Ripley Jackson, all members of the Shrine's organization. It remained for Mr. Robinson and Harry Girard, however, to furnish the jazz in the way of music. Specialty numbers were introduced and everybody went home glad they had attended.

THREATENS TO ATTACK WASHINGTON, D. C., Jan. 5.

Warning that he would "invade the districts or states of certain members of congress and attack their records in speeches unless they changed their ways" was given in the senate by Senator Ashurst, Democrat of Arizona.

Ashurst delivered a bitter attack on the House for striking from the Russian relief bill two riders, one appropriating \$500,000 for the hospitalization of former service men in the southwest and the other appropriating \$100,000 for the relief of unemployed in the United States. Both items had been put in the bill by Ashurst.

Whirlwind Dance Is One Feature of Big Bill at T. D. & L.

Tomorrow there is coming to the T. D. & L. theatre a vaudeville road show that is sure to please every one who sees it. From the world of terpsichore come Jeanette Benson and Ralph Bell in their whirlwind dance offering. This is the first engagement that this team will play on the coast as they come direct from New York.

If there are any comedians who can surpass Ed Tolliver when it comes to relating southern stories and singing comical songs they are not in vaudeville, for this ebony-hued entertainer is in a class by himself when it comes to reviving memories of the old minstrel days.

Quite different but just as laughable is the comedy drama which Mr. and Mrs. Sidney Payne offer. Domestic troubles can always be depended upon to furnish a large number of smiles.

The part of the entertainment which will be called a demi-tasse revue, for the two clever children in this act have a singing and dancing offering that is most entertaining.

That beauty of the screen, Gloria Swanson, will shine forth on the screen in another of her photoplays, "Under the Lash." Popular prices will prevail for this show as in the past.

W. Griffin Calls Association Session; Improvements Topic

The San Fernando Boulevard Improvement association will hold a meeting tonight at 806 South San Fernando road at 7:30 o'clock, according to announcement by W. Griffin, president. L. H. Wilson, the secretary of the organization, is actively urging everyone interested in the development of the vicinity adjacent to San Fernando road, Park avenue, Windsor road, Pacific avenue, Riverdale drive and other converging streets, to be present this evening and lend their thought to formulating a program of improvements. The following typifies the spirit of the organization, according to Mr. Griffin:

Boost your city, boost your friend. Boost Glendale to the end; Boost for every forward movement, Boost for every new improvement; Boost the street on which you are dwelling. Boost the goods that you are selling; Boost the man for whom you labor; Boost the stranger and your neighbor.

Cease to be a chronic knocker. Cease to be a progress blocker. If you'd make your city better, Boost it to the final letter. You can never boost too hard for San Fernando boulevard.

Benjamin Harrison said: "I have not great learning, but what little I have acquired was paid for from the proceeds of some wheat and hogs."

GREAT CAUTION IN MAKING ZONE LAW COUNCIL'S NEED

Robert S. Person Gives Some
 of His Views on Matter
 Now Before Officials

Editor of The Evening News—The subject of zoning the city of Glendale is before the city council again. By comparison with the elaborate scheme that was urged upon the board of trustees in the expiring days of the old regime, the present proposition, in so far as its scope has become known, is simplicity itself.

Instead of six or seven zones well defined as to uses and carefully circumscribed as to boundaries, as was the original scheme, the present plan seems to be (1) to enlarge the industrial zone very materially; (2) create a commercial or business zone; (3) leave the residence section unmolested. This statement of the case is, however, like railroad time schedules, "subject to change without notice," as the zoning ordinance that was before the council a week ago has already been "withdrawn" and a modified plan substituted.

Therefore the order of the council made last week for due publicity and a public hearing Thursday night, January 5, is likely also to be changed, particularly as to the date of the public hearing.

For Material Extension
 In view of the status of the case as above indicated, it is impossible to discuss intelligently the proposed zoning plan, for it is not known definitely and in detail what it is at the present time; however, I think it reasonably safe to assume that it will contain a material extension of the industrial zone. I think the local public will heartily approve such enlargement, provided the zone shall be sufficiently enlarged to prevent the possibility of land grabbers from monopolizing all the choice sites in the industrial zone by covering them with options for purely speculative purposes, as it is reported was the case in the original industrial zone, greatly to the discouragement of the development of the productive life of the city.

As to the commercial zone enough is known to justify the assertion that the new ordinance, if and when enacted, will be an eye-opener to the advocates of the circumscribed business district proposed by the amateurs a year ago in the ordinance that died a-borning. For instance, it was proposed then to put up the bars on North Brand boulevard at California avenue, and reserve all of that thoroughfare north from that point, sacred for exclusive residential purposes; so likewise, it was planned to circumscribe the business district and keep it within narrow limits even in the heart of the city.

Due Caution Is Urged
 The folly of these plans is now fully exposed by the march of events and development in all directions and the new ordinance will effectively discredit the proposition advocated so recently as six months ago. Therefore, it will be the part of wisdom on the part of those now in authority to profit by the recent pages of history and proceed with due caution in a matter so vitally important to this rapidly growing community.

This is about all that it is proper to say on the subject until it is known definitely what the proposed ordinance contains and precisely what it is aimed to effect. Meanwhile it behooves Glendaleans who are alive to the broad welfare of the community not only as it appears today but as it will appear six months or six years hence, to demand of the city council caution in the third degree. Now is an opportune time to invoke the maxim, "When in doubt, don't."

ROBERT S. PERSON.

Statement on Income Tax Laws Is Made By John P. Carter

This statement is issued by John P. Carter, collector for the sixth district of California.

"The Revenue Act of 1921 contains two new and important provisions, which are the subject of frequent inquiry. The first relates to the personal exemptions allowed married persons, and the second to the provision requiring that a return be made of gross income of \$5,000 or more."

"The act provides that a married person, living with husband or wife, whose net income for 1921 was \$5,000 or less shall be allowed a personal exemption of \$2,500. If the net income of such person was over \$5,000 the exemption is \$2,000. Under the Revenue Act of 1918 the personal exemption allowed a married person was \$2,000, regardless of the amount of net income. The normal tax rate remains unchanged, 4 per cent on the first \$4,000 of net income above the exemptions and 8 per cent on the remaining net income."

"In order that an income slightly in excess of \$5,000 shall not be subjected to an inordinately disproportionate tax because of the reduction of the exemption to \$2,000 thereon, the law provides that such reduction shall not operate to increase the tax, which would be payable if the exemption were \$2,500 by more than the amount of the net income in excess of \$5,000."

For example, on a net income of \$5,010, the tax, without this saving clause, would be \$120.40, which is 4 per cent on \$3,010, the amount of net income less an exemption of \$2,000. The actual tax is \$119.40, computed as follows: From the net income of \$5,010 is deducted \$2,500, leaving \$2,510, the 4 per cent tax on which amounts to \$100.40. To this is added

\$10, the amount of net income in excess of \$5,000."

"The personal exemptions allowed married persons, apply also to the head of a family, a person who supports in one household one or more relatives by blood, marriage or adoption."

"Heretofore, a person whose net income was less than his exemption (\$1,000 if single, or \$2,000 if married) was not required to file a return. Under the Revenue Act of 1921, if the gross income of an individual equaled or exceeded \$5,000, or if the combined gross income of a married couple and that of dependent children equaled or exceeded \$5,000, a return must be filed, regardless of the amount of net income."

"Net income" is gross income, less certain deductions. The fact that allowable deductions from gross income, for business expenses, losses, bad debts, etc., may reduce the net income to an amount below the personal exemptions of \$1,000 or \$2,000, does not alter the requirement to file a return of gross income, if such gross income equaled or exceeded \$5,000."

"Respectfully,
 "JOHN P. CARTER,
 "Collector Sixth Dist. of Calif.,
 "Los Angeles, California."

Nurse Has Suggestion for Starting of Year

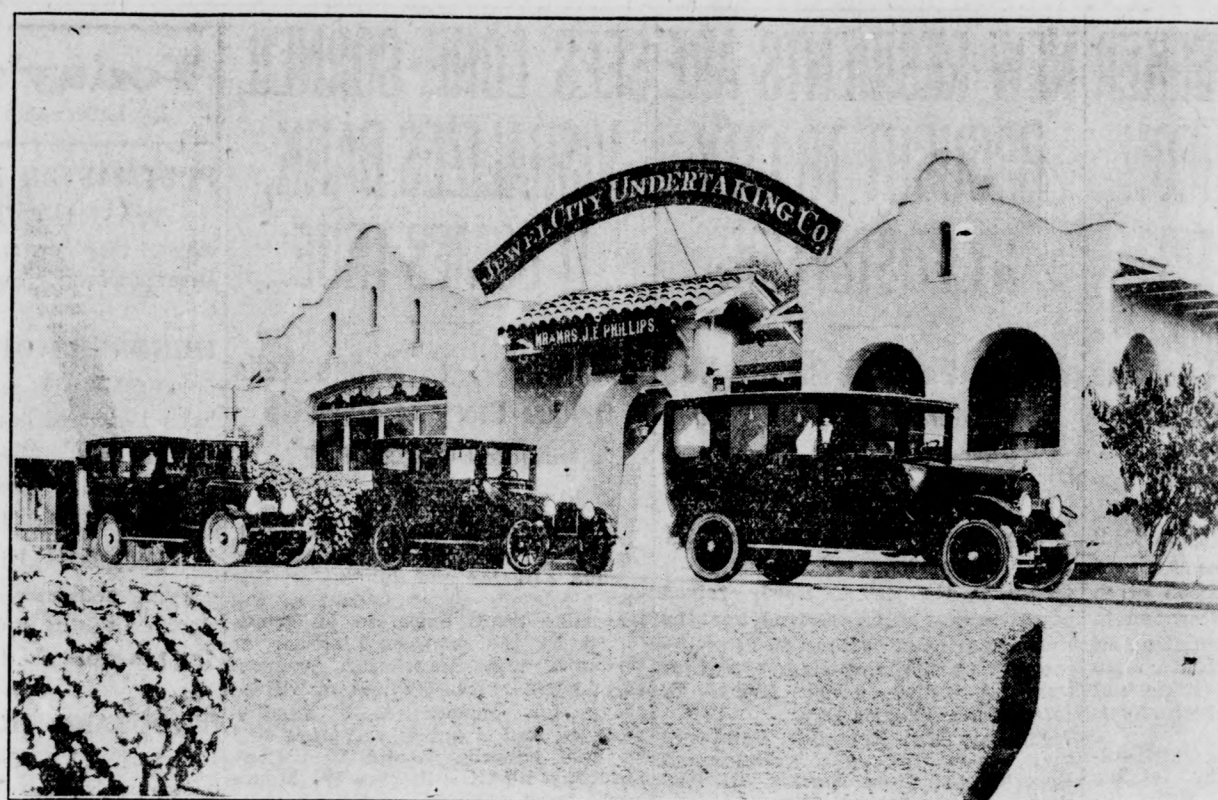

Mae Thuillard, nurse at Arbor Rest, 1209 East Lexington Drive, submits the following as a suggestion for the new year:

START NEW YEAR RIGHT
 Let all things that brought pain and sorrow
 Slip away with the old year.
 Let's forget each other's faults and failings.

For we shall not always be here.
 Let's resolve to brighten the new leaf
 And make each other's life worth while.

And shut our eyes, to the days gone by,
 That brought nothing but tears.
 Let the bright sunlight,
 With love, faith and might
 Help to start the New Year right.

Sarah Bernhardt will build a white Carrara marble statue of herself with arms outstretched on the shores of a small, deserted rocky island in the stormy Bay of Biscay. A light will shine from the head at night to guide the fishermen on the waters.

Our Constant and Untiring Endeavor

—is to render a Mortuary Service that is modern and efficient in every detail.

Our Funeral Home, which is as complete and beautiful as any in Southern California; our Auto Equipment, which has all the dignity and elegance that money can procure; our Chapel, which is at the service of our patrons without extra charge; as well as the balance of our modern equipment; all combine to give the people of Glendale and vicinity a mortuary service that cannot be surpassed in cities of many times the population.

A well known feature that has helped us achieve our enviable position is the moderate charge for our service.

Russia and China Against Japan, Is Seen by Diplomats

By HARRY L. ROGERS
Written for International News Service
WASHINGTON, D. C., Jan. 5.—An alliance between Russia and China against Japan would be the inevitable result of failure on the part of the Washington conference to bring about an equitable adjustment of the far eastern problem.
This opinion was voiced, both by members of the Chinese delegation and by the spokesmen of the special mission from the so-called far eastern republic, which is here seeking an opportunity to present to the conference its case against Japan.
Should the four-power pact fail of ratification and the Anglo-Japanese alliance remain in force, India probably would be included in such a far eastern alliance, it was pointed out, as under the terms of the Anglo-Japanese alliance, Great Britain would be bound to come to the assistance of Japan.
"Both the Chinese and the Russian people have suffered greatly at the hands of the Japanese," said Boris E. Skirsky, former minister of foreign affairs of the far eastern republic and spokesman of the delegation here.
"It must be admitted, however, that China has not suffered to the extent that Russia has. China has been compelled to submit to the economic domination of Japan, but she has never suffered from the slaughtering of her nationals as the far eastern republic has suffered during the past three years and is suffering at this very moment."
Feeling among the Chinese people is bitter against Japan, just as it is in Siberia, M. Skirsky pointed out.
"Nothing could be more natural than these two peoples, if driven to the wall by the ambitious designs of the Japanese, should combine against a common enemy," he added.

Sissy Religion Not Being Proposed by Rev. W. E. Edmonds

Editor The Evening News—Perhaps you will kindly open the columns of your valued paper for a postscript of my sermon of last Sabbath morning. I appreciate the space which you so generously give from week to week, and, judging from remarks, there are many of your subscribers who are glad from time to time to read an outline of the sermons preached by the different ministers of the city.
In my sermon, "Love Never Fails," I am not suggesting a "sissy religion," which speaks only of love, love, till one is well nigh love-sick. God is love, 'tis true, but He is also a God of judgment, and will certainly punish the wicked.
We are commanded to love our neighbor as ourselves, but a man is never called upon to make a doormat of his life, for if he does, there is always someone willing to wipe his dirty shoes on the mat. God has given us the sixth chapter of Ephesians to remind us that there are times in a man's life when he will need to use the sword, and a man's fees may be those of his own household.
Our church fathers were a band of fighters, but today the church is weakened because she has lost her fighting spirit. Watch and fight and pray is the Christian's shibboleth.
However, in all this it is ever true that what love does, it does for love's sake, and while there are many negative things concerning love, one of the active things which stands out prominently in the thirteenth chapter of first Corinthians is the fact that

"Love is kind." To find the root meaning of this word "kind" we subtract the letter "d" and it reads, "Love is kin." We treat others of the household of faith as though they were our own kith and kin.
Love also refuses to believe that all men are bad till they are proven good. The reverse should be true. We count that man a gentleman who with his pass key and jimmy enters a home at midnight and steals valuable goods, compared to the man or woman who sticks his or her dirty nose into any home, smelling around for material for gossip. To all such we say, be sure your own backyard is clean before you criticize your neighbor's front yard. Paul, the great apostle, gives valued suggestions in I Timothy 5:13, when he refers to gossips who gad around from house to house repeating things they have no right to utter.
The thirteenth chapter of I Corinthians is a good tonic for the New Year. "Love Never Fails."
REV. W. E. EDMONDS,
Presbyterian Church.

Teachers' Training Class Work Is Told at Methodist Meet
Dr. Jesse Corley of South Pasadena, superintendent of Sunday schools for the Southern California Conference of the Methodist church, outlined the organization of a teachers' training class last night to interested members of the Pacific Avenue Methodist church. Among those present was John Camphouse, 217 East Maple street, who is superintendent of the Sunday school at this church and, also, president of the County Sunday School Association of Protestant churches.

Soviet Russia Will Spend \$10,000,000 in America for Grain

WASHINGTON, D. C., Jan. 5.—The Russian Soviet government has been granted permission by the United States to send an official representative to this country to supervise purchase of grain to be bought with \$10,000,000 in Russian gold. Secretary of Commerce Hoover announced.
Hoover said that this government had been asked by the Soviet government for the privilege of sending a representative here and that no reasonable objection could be found to the presence here of such an official whose mission will be solely to supervise the expenditures of \$10,000,000. It is understood, Hoover said, that the purchases to be made with Russian gold will be made in America, as in the case of the \$10,000,000 made available by congress for relief work in famine-stricken regions of Russia.
The identity of the Soviet official who will come to this country is unknown, Hoover stated.

CLOTHES PURER Than the Milk You Drink

All of us have learned that if we would best safeguard our health, our clothes should be sterilized as well as washed.
It is knowing this fact that makes our laundering methods superior to those of the laundress. Milk is supposed to be safe for use after it has been pasteurized, or held at a temperature of from 131 to 151 degrees.
After washing clothes as we wash them—in pure water at 180 degrees—and drying them in a current of clean, fresh air at 250 degrees, your things approach nearer to perfect purity than the milk you serve on your table.
To be sure of clothes cleanliness and clothes purity, telephone us. We will have our driver call for your family bundle.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked, or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger.—Advertisement.

Editor The Evening News—Southern Glendale is made the goat, and it's the Pacific Electric Railway company that pulls the stunt this time.

What's the matter, anyway? Who can tell? Why is it the shorter the distance they carry you, either sitting or standing (and during the rush hours, standing is the word for Southern Glendale), the more you must pay?

You don't hear their employes shouting because they have been granted more money.

Great stress is put on the ACTUAL mileage basis. Is it as far from Sixth and Hill to Los Feliz Road as it is to the 10-cent limit in Hollywood?

One way to Los Feliz 19 cents. Former round trip was 18 cents.

Round trip to Los Feliz now 22 cents, an increase of 77 7-9 per cent, while the increase to Brand and Broadway is 26 2-3 per cent.

It is not so very long since the round trip from Los Feliz was 15 cents and increased to 18 cents, but doesn't it actually look like a mighty long stride from 18 to 22 cents?

Payment of Dividends

They tell us they cannot pay dividends, and that all sorts of desperate things are threatening them, if they don't get more money. Have you ever thought that perhaps the reason the dividends don't seem to show up, might be because they are trying to pay a dividend on \$100, where the actual cash invested was \$25, or possibly much less? Did you ever hear of such things being done?

Of course, we have a Railway Commission, and the P. E. laid their desperate condition before them, and they granted the increase, and we are kicking at the P. E. for getting that grant. Possibly there are many individuals that would do just what the P. E. has done, but they are not big enough to pull such a game.

File protests with the commission—sure you can do that—and have a hearing. Do you think you can convince the commissioners that they have made a wrong or unjust decision—are you big enough?

Vacancy on Commission?

Possibly, if it could be shown that a vacancy or two might occur in that commission if things continue to go so seemingly universally in favor of the BIG fellows against the COMMON

people. But then the principle seems to be we must be able to pay BIG dividends whether it is on actual cash or water.

The inference with the P. E. seems to be the people can't do anything for they won't stand together, and they will growl—scold—cuss, but ride and pay what is charged anyhow. "So why should we worry? And then the commission is with us, you know, and the Southern Glendale fellows can continue to be the goats," seems to be the attitude of the P. E.

There are some that seem to think the increase in fares is justifiable, and speak of the wonderful increase in population and that the P. E. is largely responsible for this growth. Admit that it has helped, possibly as no other one agent, yet if the population has increased so much, they surely have gained more than any other agent in the thousands they have to transport. And have they kept abreast with the wonderful growth? How much better are their facilities than they were four years ago? Are they going to run more

cars—closer together—or will passengers have to stand and be crowded as they have been?

What do you think would be the result if they would adopt some of the FORD ideas, towards the PEOPLE and their TRAIN MEN?

Drama Section Will Present Portion of Play on January 17

The Shakespeare section of the Tuesday Afternoon club, of which Mrs. A. H. Montgomery is curator, is planning a very interesting program to be presented at the regular meeting of the club on Tuesday, January 17.

At that time the first scene of the first act and also the last act from "A Midsummer Night's Dream" will be presented by the members of the section, under the personal direction of Mrs. H. Ralston, and assisted by dancers from the Pearl Keller school. The stage at Masonic temple will be enlarged and beautiful stage settings will be provided to present the program in a fitting manner.

Local Folk Members of Jolly Gathering to Greet New Year

A jolly party of eight watched the old year out at a dancing party at a Los Angeles cafe. Those in the group included Mr. and Mrs. Harry Dugan, Mr. and Mrs. Edward Carleton, Mr. and Mrs. Earl Blair and Mr. and Mrs. Robert Carpenter of Glendale.

Mr. and Mrs. Blair are from the northern part of the state and are here on their honeymoon. Various social events have been given in their honor, including a delightfully appointed dinner party at the home of Mr. and Mrs. Robert Carpenter, 446 West Elk avenue.

Mr. Blair and Mr. Carpenter are old friends and were classmates at the University of Nevada.

Calendar Numbers Are Large Enough So Housewives Say

Hundreds of housewives yesterday obtained in The Glendale Evening News the large calendar of their heart's desire. Always it is a woman's wish to have the days and dates of the month hung somewhere in the house with numerals large enough that they can be seen across the room.

With the idea of meeting this demand, The Glendale Evening News each month presents a full page reproduction of a calendar. Many are clipping the page and placing it on a pasteboard backing. One reader suggests that holly paper left over from Christmas packages will provide a very artistic border.

Flies are said to avoid places where bunches of common stinging-nettles are kept hanging.

MRS. R. W. MEEKER GIVES LUNCHEON TO COMMITTEE

Aids for Monte Vista Home
Discuss Plans for Large
Vaudeville Program

(Continued from Page 1)

County Council of Community Service, of which Mrs. J. T. Anderson is president, planned a celebration for over 150 children from all parts of the county. There was a Christmas tree with gifts of toys, and candy for all the children, as well as a real turkey dinner.

The children at the home are clothed by the Community Service, which receives its donations of garments from women's clubs throughout the county. A number of the Glendale organizations are devoting a great deal of their philanthropic endeavors to this branch of the work. Mrs. O. H. Belew of Glendale, is an active member of the committee from the Ebell club of Los Angeles which is doing a great deal in providing garments for these children.

Contributions Received

The following Christmas contributions to the annual payment on the mortgage on the Monte Vista Home were also reported by Mrs. Meeker: Donations of \$100 each from the Sunland Chamber of Commerce, La Crescenta Improvement Association, J. I. Hellman, Council of Jewish Women, Mrs. H. Corey, Lasky Real-estate Studio, Community Exchange, Community of Western Land, Boyle Heights Association, Eagle Rock Chamber of Commerce, Daughters of the American Revolution, Huntington Park Council of Service, West Side Community, and La Canada Chamber of Commerce, and donations of \$50 each from the Westlake Auxiliary Council and Mrs. W. F. Adams.

Miss Goddess, niece of the ambassador from St. James Court, and whose special interest and hobby is in child welfare and playground work, has offered her services at Monte Vista Home for a year.

Pearl Keller has offered to turn over the proceeds of a vaudeville entertainment to be given by the pupils of her school at the T. D. & L. theatre, the only expense deduction being for the theatre and accompanists. She is planning to have thirty of her advanced pupils take part in the entertainment.

Finance Committee of Senate Divided Over 'Free' Hides

WASHINGTON, D. C., Jan. 5.—A split over "free" hides was brewing today between members of the senate finance committee as the result of the demands of cattlemen that hides be taken off the free list.

The prospect that hides will be required to pay a duty when the permanent tariff act is finally written and passed, in spite of the fact that only once before have hides ever been off the free list in the tariff laws of the country, loomed today. Tanners and leather men have mustered all their forces to keep hides "free."

Cattlemen from all over the country have informed the committee that their business has been practically ruined and that the free admission of hides has been one of the potent factors in accomplishing this.

It is understood that certain members of the committee, led by Senator Curtis, republican, are determined to fight for the cattlemen's demands.

FORESTS ARE THREATENED

WASHINGTON, D. C., Jan. 5.—While pine forests valued at \$228,000,000 are menaced in western states by the "blister rust," a destructive disease, according to the Department of Agriculture, a public hearing, it was announced, will be held January 23 next, by the Federal Horticultural board, to consider the extension of a quarantine to the state of Washington.

"The rust," the department said, "had been found at Sumas and Mount Vernon, Wash., where it ranged from an original outbreak at Vancouver, B. C. More than fifty-seven billion feet of lumber is endangered by the disease." The disease is also spreading in Wisconsin and Minnesota where extreme measures have been taken to stamp it out.

C. C. COOPER

Who is president of the newly organized Rotary club of Glendale.

Charles C. Cooper, investment broker and retired financier, was elected president of the Glendale Rotary club yesterday afternoon. Roy L. Kent was named vice president; J. Herbert Smith, secretary; Richardson D. White, treasurer; and William E. Hewitt and William A. Tanner, directors, by viva voce vote of the two dozen charter members in attendance.

Elliot B. Wyman, representing the district governor of Rotary International, was present and declared the Glendale club to be functioning and the work of the organization now begins in the local field. Constitution and by-laws were read by Attorney Owen C. Emery and duly adopted.

It was a most auspicious meeting with visitors present from Portland, Ore., and other places, including Los Angeles' Rotary president, Will Stephens. The latter, among others, made a short talk on the work of Rotary and he stated that a \$1,500,000 campaign now is being carried on to promote prosperity.

Charter Members

Following are the members and the respective lines of business they represent:

George E. Bentley, lumber; Charles C. Cooper, investment broker; Gil A. Cowan, newspaper; David G. Croton, shoes; Arthur H. Dibern, jewelry; Owen C. Emery, attorney; Francis J. W. Henry, beverages; William E. Hewitt, laundry; Valentine M. Hollister, feed and fuel; William A. Howe, theatre; George B. Karr, custom shirt maker; Roy L. Kent, contractor and builder; George U. Morse, principal high school; C. E. Neale, hardware; R. E. Olin, accountant; J. Ed Phillips, undertaker; C. A. Redmond, railroad passenger agent; James M. Rhoades, commercial secretary; J. Herbert Smith, grocer; William A. Tanner, automobiles; Thomas D. Watson, newspaper; Harry S. Webb, dry goods; and Richardson D. White, superintendent of schools.

Messrs. Edmunds and Husbands of Glenn Inn served the luncheon yesterday and it was decided to hold all noon day meetings on Thursdays at 12 noon, sharp.

Armament Conference Is Declared Success

WASHINGTON, D. C., Jan. 5.—The administration believes the armament conference has been a success although it has not accomplished everything it set out to do, it was stated in the course of President Harding's regular conference with newspaper correspondents.

President Harding believes, it was said, that a new process of international adjustment has been developed by the conference. The criticism of the conference by high church dignitaries is not held justified by the White House. This statement of the administration attitude was interpreted as an answer to Archbishop Curley of Baltimore who Sunday voiced a criticism of the conference for its "lack of Christian spirit."

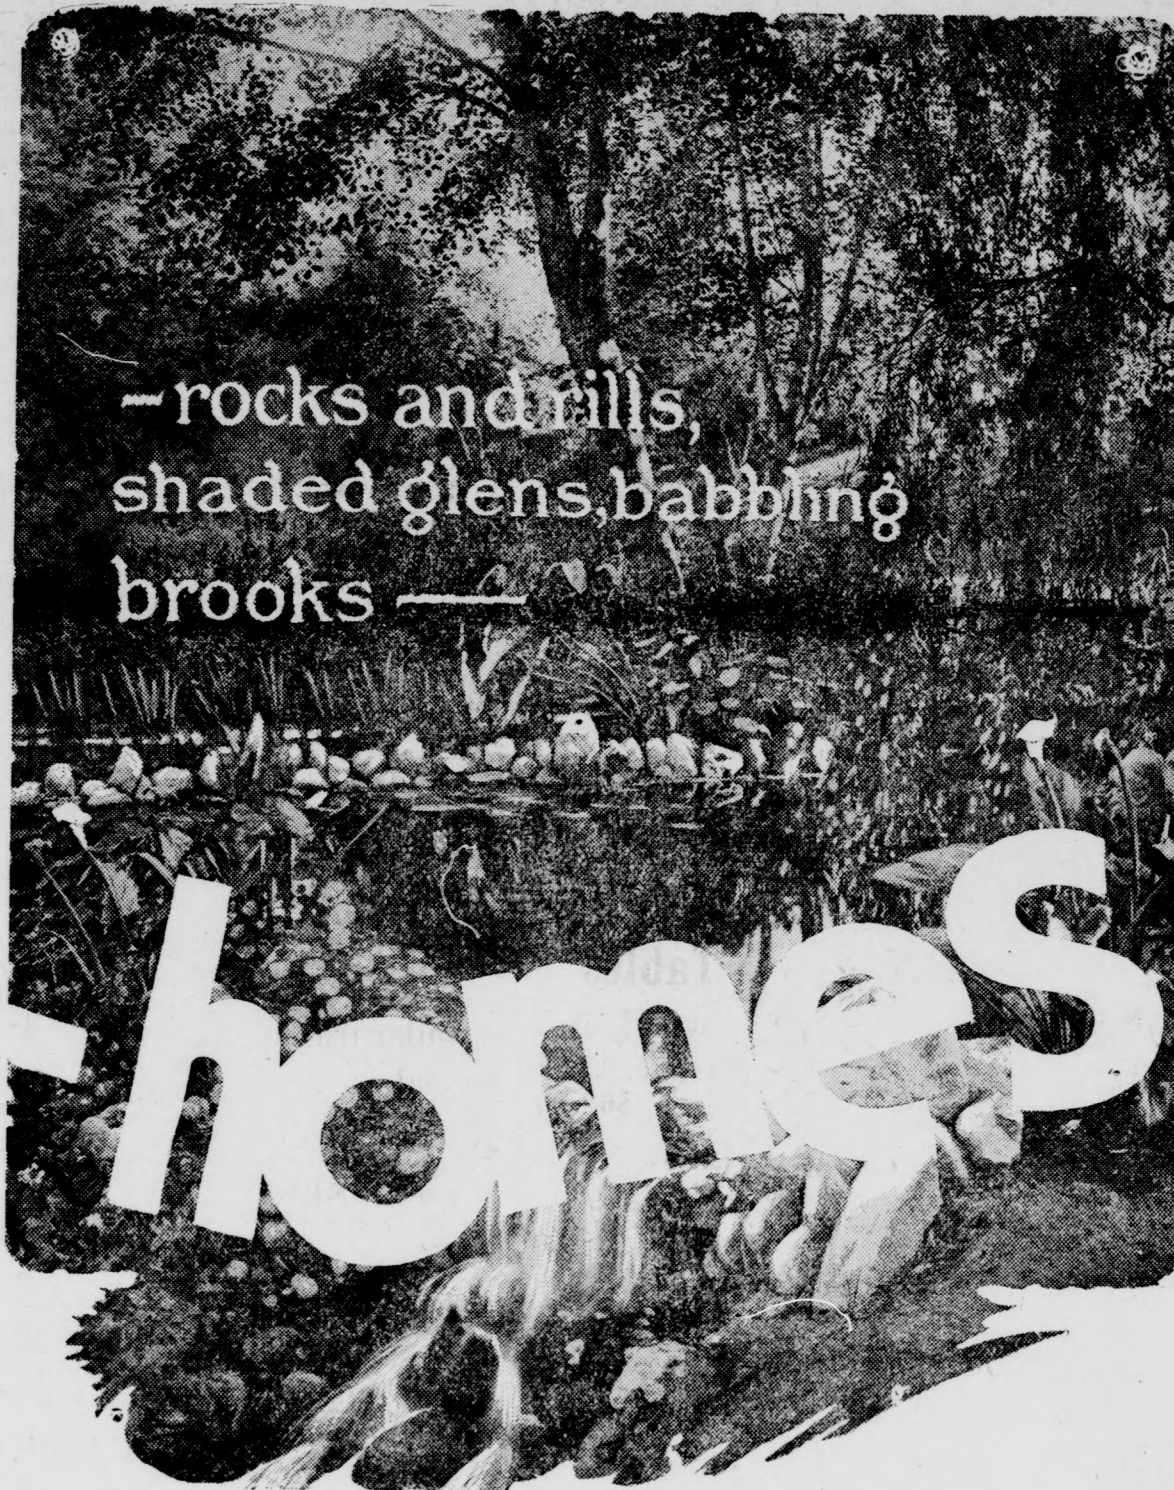

President Harding indicated his belief that the Washington conference has proved that "great nations have higher ambitions than forceful conquests and territorial aggrandizements."

Dr. J. C. Whytock Is Near Death In Crash

A miraculous escape from death in an interurban-automobile accident was effected yesterday afternoon by Dr. J. C. Whytock of 411 North Jackson street. He had driven his new Christmas Ford to Maple avenue in order to allow his wife to make a hurried trip to the city when the accident occurred.

Mrs. Whytock got out of the machine as the engine stalled on the Pacific Electric tracks at the intersection where cars are supposed to stop. The inbound P. E. train coming along at that time, it is said, was fifteen minutes late and the motorman was not stopping to pick up passengers.

When Mr. Whytock finally realized that the cars were not going to stop short, he jumped for his life just as the Ford was flipped to one side—a pile of junk.

Demand Crude Oil Be Taken Off Free List; Ask \$1 Tariff

WASHINGTON, D. C., Jan. 5.—Mid-continent oil producers before the senate finance committee demanded that crude oil be taken off the free list and placed under a tariff schedule of \$1 a barrel.

One dollar, they told the committee, was the difference between the cost of American and Mexican production.

"Last year Mexico exported to the United States 106,175,000 barrels—99 per cent of all foreign exportation to the United States. Against this, the United States produced 443,407,000 barrels," said Harry H. Smith, Tulsa, Okla., secretary of the Mid-Continent Oil and Gas association.

W. H. Gray, president of the National Association of Independent Oil Producers, joined Smith in the demand for the \$1 tariff.

"A tariff is necessary to stabilize and conserve the American industry," declared Smith. "Mexican Oil can be laid down at Galveston for 56 cents a barrel," continued Smith.

"During the first six months of 1921, the cost of oil declined 71 per cent in the United States and up to September 21, the price was below the price of production. The abandonment of wells and bankruptcy resulted."

"The granting of protection would afford employment to men now clamoring for work. It will protect the United States thousands of wells that otherwise would be abandoned. A well once abandoned cannot be reclaimed."

"Without a protective tariff, the independent domestic industry is placed at the mercy of large controlling refining interests and would tend to concentrate the oil industry of the United States in the hands of a few."

Germany Tries to Prove It Cannot Pay Installments

PARIS, Jan. 5.—Walter Rathenau, chief economic expert of the German government, has arrived here from Berlin to lay Germany's indemnity case before the inter-allied reparations commission. He was accompanied by Dr. Fisher, chairman of the German war debt commission. Herr Rathenau will be questioned by the allied delegations as to why Germany cannot pay the January and February indemnity installment.

It is understood that Herr Rathenau, during his stay here, will consult with Louis Loucheur, French minister for liberated regions, on Germany's participation in the proposed international economic conference.

Herr Rathenau brought a mass of data to show just how Germany stands financially and industrially. If he carried out the program he recent visits he will make another plea to the allies for foreign credits or an international loan for Germany.

Members of the reparations commission said they were determined to get all the facts about Germany's economic position. The French were prepared to try to prove that Germany can pay if she wishes.

The representative of the United States on the commission were Roland W. Boyden, who was empowered by President Harding to act as observer and report the discussions to Washington.

Reduction In Fare on Denver Railway Refused by Court

ST. LOUIS, Mo., Jan. 5.—The city of Denver has received a setback in its fight for a 6-cent street car fare when the United States circuit court of appeals upheld the injunction granted by District Judge Lewis of Denver, restraining the municipal and county authorities from enforcing the ordinance fixing the maximum adult fare at 6 cents.

Under the terms of the injunction the temporary fare of 8 cents for adults is continued indefinitely. Attorneys for the receiver of the Denver Tramways company argued that the 6-cent fare was insufficient to provide proper revenue.

In handing down the decision Judge Garland declared that no contractual obligation existed between the company and the city, and that the latter, therefore, could not demand that a fare set by a local ordinance be held binding.

THIS ONE SOUNDS FISHY

SAN FRANCISCO, Jan. 5.—When is a whale a fish? When it's canned, says a weighty opinion on file at the customs house written by the customs court of appeals. Recently a large quantity of tinned whale meat entered the port and was classified as canned fish. The importers appealed and the customs' court opinion upholds the fish designation.

"Scientifically speaking," says the opinion, "the whale is not a fish, and is far from being even a remote cousin to a fish, as is a man or a monkey," but—the bible classifies the whale as a fish and judges, legislators and the public at large have held such a conception of the whale, so it becomes a fish for customs purposes.

Premier Briand Is Anxious for Peace With British Chief

By WILLIAM COOK
Written for International News Service
PARIS, Jan. 5.—Premier Briand and Louis Loucheur, minister for liberated regions, have departed for Cannes. According to an interview appearing in the Paris edition of the London Daily Mail, the premier will hold forth the olive branch of conciliation to the British premier on his arrival. The premier pleaded for close ties between France and Great Britain.

The key to the whole European situation and to France's security is a pact of alliance with Great Britain," he said. "France has repeatedly asked for such an alliance and has made known her willingness to enter into it. It would be the best proof that our naval program is not directed against our British friends. Let there be a strong pact between Great Britain and France which will gradually absorb other alliances. Other allies can be taken in from time to time under agreements similar to that in the Pacific treaty. But the Franco-British pact must be the basis of all of them."

Three troublesome questions will come up at the supreme council at Cannes on which the French and British hold divergent views. First—Germany indemnity. Second—France's naval aspirations. Third—The situation in the near east.

"Ride all week for \$1.25" is the slogan of the Youngstown, Ohio, municipal railway. The first week 4,200 weekly tickets were sold to patrons who paid \$1.25 each for them, and were entitled to as many rides as they wished during the week.

FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store.—Advertisement.

Auto Stage Lines From Los Angeles to San Diego Join

SAN FRANCISCO, Jan. 5.—United States, Inc., was given permission by the Railroad Commission to sell to O. R. Fuller its operative rights and equipment of an automobile stage line between Los Angeles and San Diego. The sale will result in the consolidation under one management of the auto stage operations between the points named.

Preceding this order a decision was rendered determining the operative rights of United States, Inc., which was operating prior to May 1, 1917 the effective date of the automobile transportation act giving the railroad commission jurisdiction over motor carriers. The decision confirms the company's operative rights in the Santa Barbara, Santa Paula, El Centro, Imperial Valley and San Diego-Los Angeles divisions. The company was ordered to cease operations between Santa Ana and Long Beach, between Long Beach and Los Angeles and between Los Angeles and San Juan Capistrano.

Blizzards Grip Midwest
Get Your Goat Next!
Building Only Begun
Whole World Winks

By Gil A. Cowan

BLIZZARDS grip the middle west! Brrr-r-r! Sioux City, Ia., Lincoln, Neb.; Kansas City, Mo.—all report sleet, snow and winds that make cattlemen in Texas even fear for their live stock.

For the comfort of easterners who will read this column, it is quite chilly in California these winter nights. Yes, an overcoat feels quite comfortable if you go motoring into the foothills in an open car. But the daytimes are warm and balmy and the rains have made everything growable green like spring.

The city council is busy legislating domestic animals out of Glendale. An amendment to Ordinance No. 259 is being offered which will keep cows 100 feet from dwelling houses. Goats will get theirs next, it is to be expected.

The council also has an offer of \$75 for the last horse the city owns. Machinery has taken the place of horses in the fire, street and other departments. Isn't that good horse sense?

What is true of Los Angeles in the way of building is mirrored in Glendale. Read what The Southwest Builder and Contractor has to say:

Los Angeles stands on the threshold of the greatest building epoch in her history. With comparatively few definite prospects at the beginning of 1920, that year rolled up a total of \$60,000,000 worth of building. Getting a flying start in 1921, building for the year just closing has set a new high record at approximately \$82,500,000. Nearly a third of this enormous total of 1921 can now be counted in

building projects slated for 1922. With such a favorable prospect and no appreciable slowing up in the growth of the city's population or development of her resources and industries, the expectation that \$100,000,000 worth of building will be the measure for 1922 appears to be fully justified. We are not strong in predictions but we have abiding faith in the progress and destiny of Los Angeles. Nothing short of some great catastrophe can check the tremendous strides of her onward march.

A casual review of the building projects which are now being started or which are reasonably certain to be started during 1922 must convince anyone that the greatest period of activity lies just ahead. Ordinary building operations, consisting chiefly of housing for a greatly augmented population, have been the feature of Los Angeles' building for the last two years. Now a flood of large building projects held back awaiting stabilization of building costs and more favorable economic conditions is about to be let loose. Theatres have furnished most of the big projects for the last two years. On the state for 1922 are major projects embracing all kinds of buildings—mercantile and office buildings, warehouses and industrial plants, hotels and apartments, public buildings and churches.

Something rotten in Denmark? Looks like there was something wrong right here at home in the United States. A merry muss this prohibition enforcement business. Officers accused of winking at the law, etc. Well, why wouldn't they wink the rest of the world has its wee wink, too.

Opening Sale SIXTH UNIT AT

Fairview

Large Lots as Low as

\$465.50

\$46.55 Cash \$15.00 per Mo.

Take advantage of the 5 per cent discount which we are giving during our opening sales.

This sixth unit is the last unit we will have for sale at prices anywhere near those we are now offering.

Nearly one year ago we obtained an option on sixty acres of land where our FAIRVIEW subdivision is now located. As soon as we had sold the first unit acreage prices began to advance very rapidly until now it is impossible to buy any land in this beautiful section at prices that would enable anybody to make the lots as low as they are at FAIRVIEW.

Not only is this the last opportunity to buy from us or anyone else in this section, lots as low as \$500.00, but it is also true that the lots in FAIRVIEW will advance proportionately in value when this last unit has been sold, and there are no more to be had.

Other subdivisions in this section are now selling at very much higher prices.

We predict that the Sixth Unit of FAIRVIEW will be sold out in a very short time. If you want to buy a lot in a beautiful location, close to transportation where a great development is taking place, come out today. Bring \$50.00 and get a lot.

Reasonable restrictions; water, gas, electricity and street work. Temporary homes permitted.

Drive out West Broadway and San Fernando Road to Vine Avenue (opposite F. L. Meneley Window Shade Factory), then one block to right to tract office at Vine Avenue and Fourth Street, or phone and we will call and take you out to the tract. The Tract Agent is on the ground every day.

Norma Talmadge Is
Positive Hard Work
Secret of SuccessNorma Talmadge, who has pleased
millions of people in her motion pic-
ture productions, has proved a per-
sonal disappointment to the girls of
Centerville, Iowa."Not but what she was just as beau-
tiful and just as delightful as they
expected she would be, and her cor-
diality and personality were much
greater than they had thought pos-
sible, but as an information bureau
in regard to motion pictures she was
unable to fill the niche which had
been prepared for her.The girls and young women of Cen-
terville are much the same as the
others of their sex in every part of
the country. Naturally they would
like to be screen stars, and just as
naturally when it became known that
Miss Talmadge was coming to Cen-
terville with her company to film the
closing scenes of her latest produc-
tion "The Wonderful Thing" for As-
sociated First National Pictures, which
is the attraction at the T. D. & L.
theatre, they decided that the time
was propitious for finding out the

secret of success in the "movies."

That is where Miss Talmadge
proved disappointing. She was hon-
estly pleased to meet the girls, and
told them so; but when they men-
tioned the object of their errand, she
was really sorry."Oh, I am so sorry," she said, "for
I don't know."No words were necessary to show
how disappointed her visitors were.
Their faces revealed it, and some of
the young women looked as if they
didn't believe it. So Miss Talmadge
continued:"Really, I have tried awfully hard
to find out, because I have been
asked that so many times. I haven't
been able to discover it, though."Norma stopped talking, and after a
short silence, one of the girls said:
"I guess the answer is the same
that you get from any line of busi-
ness. Hard work."Miss Talmadge smiled:
"Maybe you're right," she said,
"but it doesn't really seem hard
despite the long hours."One of the loftiest peaks in the
Tatoosh range in Mount Rainier Na-
tional Park has been named Mount
Lane in memory of the late Frank-
lin K. Lane, former secretary of the

tude of 6000 feet.Recent Addition to Glendale's Musical

who care to join at that time.Miss Cleophas received her

gogue. She has concertized in

appeared with the Minneapolis Symphony. Music critics in Chicago,

son toured the middle west and east-
ern states under the auspices of the

Hutchinson has selected the follow-
ing numbers for Friday's concert. She
will be accompanied at the piano

ST. LOUIS, Jan. 5.—Emboldened
by the success of daylight holdup
artists in this town in the last few
weeks, two young men walked into
the Bell & Bell jewelry store in the
fashionable West End section, bound
Miss Jeannette Bell, one of the pro-
prietors, did the same to two cus-
tomers who came in later and looted
the store of \$3,500 in jewels and
\$300 cash.The robbers took their time about
going through the stock, taking off

ance of clerks.GREAT BRAVERY OF
COL. EVERINGTON

Police, Proves His Worth
During World Conflict"The bravest man I ever knew, bar
one—and he's dead."That is the way Colonel Dan Mor-
gan Smith, commander of the "Bat-
talion of Death," describes Colonel
James W. Everington of 531 North
Louise street, Glendale, newly ap-
pointed chief of police of Los An-
geles. His parents, Mr. and Mrs. J.
W. Everington, Sr., also reside here
at 266 East Fairview avenue."It was during the time the 358th
infantry which I commanded had ad-
vanced on orders and taken Les Haut
Chemins," said Colonel Smith, "that
I learned what a man he is. The
Germans had closed behind us as we
advanced and nightfall found us com-
pletely surrounded—by the enemy—
cut off from our own lines!"Through German Pickets
"At that dark hour I raised my
eyes from my map of the sector. Like
an apparition in the candle glow I
saw Colonel Everington standing
there! God alone knows how he got
there with but one orderly who had
marched with him right through the
Germans' pickets. He had come to
help me out and war history tells how
the 'Battalion of Death' accom-
plished the feat."Colonel Everington seemingly
meets with Los Angeles' approbation,
although a last minute effort was
made on the part of political trick-
sters to have Chief Jones retained un-
til they could name someone obedi-
ent to their command."I have no ax to grind," says the
new chief, but he likely will move his
wife and daughter, aged 8, and son,
aged 4, to a home in Los Angeles.S. C. Wheeler and
Family Move Into
Attractive HomeMr. and Mrs. S. C. Wheeler and
family will move into their new home
at 1125 East Harvard street, the lat-
ter part of this week.Mr. Wheeler is a contractor and
builder, and has followed the general
type of the old Southern California
bungalow. One of the features of
the interior is the large turned col-
umns separating the living room
from the dining room, and turned
columns in front of the buffet and
fireplace.With tile mantel and fireplace, and
every built in feature that can be
thought of, with hardwood floors and
terrace supported by large turned
columns and extending a third of
the way around the house, it has been
pronounced by all who have seen and
inspected it, as being one of the most
attractive homes in Glendale.Mr. Wheeler is also building a
duplex court at the same address, and
the first apartment will be ready for
occupancy by January 15. A sepa-
rate garage will be built for each
apartment.Some of the hardest nuts to crack

Minstrel Show at
Glendale Theatre Is
Filled With PepReal jazzy! Music galore! Laugh
some more! That's the way Burns
Brothers' Dixie Minstrels Revue
struck Glendale yesterday. Appear-
ing at the palatial and popular Glen-
dale theatre they literally bowled
over two packed houses yesterday
and today and tonight there will
hardly be standing room to see these
sixteen colored entertainers.Not one dull moment in their whole
hour of entertainment can be found
and everyone in the act is an artist
in his or her class. All sing, the
majority play musical instruments
and some dance. Altogether it is a
bargain bill with pictures of Pas-
adena's Rose Tournament already be-
ing shown. Some service!Simplicity and charm stamp the
Vita-graph production "The Little
Minister," which provide the photo-
play of the current program as one
of the biggest pictures of the year.
It is to the screen what James M.
Barrie's story is to literature, and
seldom does the spectator find a film
version of a famous book that ad-
heres so closely to the story as out-
lined by the author, as does this Vita-
graph production,—nor could a cast
be selected which was better suited
to the characters described in the
story than that engaged for this pro-
duction. Alice Calhoun, who has
rapidly come to the forefront in
screen productions, has never had a
role in which she so adequately il-
lustrated her ability as an actress.Remains of a Sun Temple at Ave-
bury, England, are said to be older

Says Glendale Float
Is Best in ParadeG. M. Knapp of the American Oil
company of Long Beach has ad-
dressed the following communication
to the judges of floats at the recent
Tournament of Roses at Pasadena:Gentlemen—I am writing this let-
ter for the sole purpose of displaying
the feeling of a visitor to your tour-
nament of flowers held in your fair
city yesterday. The Glendale float
should have been awarded the first
prize. There was never anything to
equal it in all the flower parades ever
held in Southern California.And if it were possible to have
taken a vote of all who saw the pa-
rade the Glendale float would carry
the votes by nine out of every ten.
Anyone could see that time, labor,
art and money were lavishly spent to
design and build such a wonderful
float.The Portland float was only a
bunch of roses, so easy of design that
any two people could have made the
decoration in two hours. You may
argue that the parade was to repre-
sent a rose tournament and they had
the most roses. In that case award
prizes to only floats designed of
roses. And set that as a strict rule.
But how foolish that would be. My
favorite flower is the rose and even
if I were a resident of Portland I
could not bear to see the Glendale
float deprived of the first prize.Respectfully yours,
G. M. KNAPP.Civilization is responsible for a
steady degeneration in our teeth.
